HR EXCELLENCE IN RESEARCH

I. Basic information*¹

Title*	Lector, poziția 26		
Offer description*	<p><i>Department of Mathematics & Informatics is a member of the Faculty of Applied Sciences at University Politehnica of Bucharest. Our department provides fundamentals in mathematics to students majoring in engineering fields at the Faculty of Applied Sciences, Faculty of Engineering in Foreign Languages, Faculty of Transportation, Faculty of Industrial Engineering and Robotics, Faculty of Mechanical Engineering and Mecatronics, Faculty of Biotechnic Systems Engineering, Faculty of Materials Science and Engineering, and Faculty of Entrepreneurship, Business Engineering and Management. The teaching process is carried out within accredited study programmes for undergraduate and graduate students and covers a wide range of topics such as: Mathematical analysis, Linear algebra, Numerical mathematics, Probability and statistics, Differential equations, and much more. The department members are engaged in research activities in pure and applied mathematics such as: nonlinear analysis and optimization; fixed point theory; differential geometry; numerical analysis, computer modelling and simulation, systems control. The scientific seminar on Nonlinear Analysis and Optimization brings together people working in their research areas, with strong support in guiding young researchers. Last, but not least, we underline that our department has five PhD supervisors in Mathematics.</i></p> <p><i>The structure of the position 26 -lecturer- comprises the following subjects: Mathematical analysis; Algebra and Analytic & differential geometry; Probability theory and mathematical statistics; Linear algebra II (bachelor level).</i></p> <p><i>The successful candidate will be responsible for delivering lectures and tutorials, design, prepare and develop teaching materials in the fields associated to position subjects. The candidate should meet the minimum standards established by the Ministry of Education and by the Polytechnic University of Bucharest (details can be found here: https://www.edu.ro/titluri-stiintifice).</i></p> <p>APPLICATION</p> <p><i>Before applying, all candidates are invited to read carefully the UPB's Methodology for occupying didactic and research positions: [adresa statică a documentului la zi, în limba engleză]</i></p>		
Research field*	Mathematics		
Type of contract*	Permanent	Job status	Full-time
Hours per week*	40		

¹ Câmpurile marcate cu * sunt obligatorii.

Application deadline*	10-01-2023, 14-00
Envisaged job starting date*	27-02-2023

Is the job funded through a EU Research Framework Programme?*
Click pentru a selecta o opțiune.
No <input type="checkbox"/>

II. Hiring information and work location²

Faculty*	Științe Aplicate		
Department*	Department of Mathematics & Computer Science		
No. of positions available	one		
Website		mihai.postolache@upb.ro	
Phone		0722 798 417	

² Câmpurile marcate cu * sunt obligatorii.

III. Requirements

Această secțiune este opțională. Recomandăm includerea unor informații pentru a completa anunțul de angajare.

Required education level	Ph.D. or equivalent
Skills/Qualifications	<ul style="list-style-type: none">○ <i>teaching lectures and seminars according to the workload in the academic job description;</i>○ <i>tutorial activities;</i>○ <i>scientific research activities included in academic career plan;</i>○ <i>participation in scientific conferences;</i>○ <i>participation in management activities of the institution;</i>○ <i>professional activities for the community;</i>
Required languages	Romanian

IV. Additional information

Această secțiune este opțională.

Additional comments	<i>We offer full time contract, stable employment in a prestigious university, professional development possibilities, an academic work environment with access to modern research facilities and data bases.</i>
---------------------	---

V. ANEXA: Lista subdomeniilor de cercetare.

Recomandăm selectarea a cât mai multe subdomenii. Cel puțin unul este obligatoriu.
